

# Food sampling regulations

Any exhibitor sampling food in their booth **must** have the following:

## Face mask

Exhibitor to supply their own face mask. Face mask should be compliant with current CDC guidelines by fitting snugly against side of the face, completely covering nose and mouth, allows for breathing without restrictions and is secured with ties or ear loops.

## Gloves

Exhibitor to supply their own gloves. Disposable gloves recommended for easy application and removal.

## Hand washing kit

NAFEM to provide kit which includes soap, paper towels, water and a bucket.

**Wash your hands often!**  
**Hand sanitizer or wipes are not sufficient for sampling.**
