ELIGIBILITY CRITERIA FOR EXHIBITORS

Exhibitors can be members or non-members of NAFEM, but they must meet NAFEM's eligibility criteria.

The primary business of the Exhibitor is:

- Market and sell Approved Products manufactured in a facility which is owned or co-owned, or to which manufacturing is outsourced, by the entity, or
- Market and sell Approved Products which are manufactured by an entity related to it through a minimum of 50 percent ownership or 50 percent common ownership (the "Related Entity").

A. The entity or its Related Entity must own or have an exclusive license to use the brand shown on the product or packaging of the Approved Products which constitute its primary business.

B. Approved Products are those products listed on the **NAFEM Approved Product Category List**, as may be amended from time-to-time by NAFEM in its sole discretion.

C. The product(s) may not appear in any other Exhibitor's booth at The NAFEM Show.

D. The Exhibitor must have been in business for at least one year manufacturing and selling products before applying for exhibit space.

2.

PRODUCTS ELIGIBLE FOR EXHIBIT

The products shown in a booth must be on the **NAFEM Approved Product Category List**. The list may be found on the NAFEM website. If the Exhibitor meets the criteria listed in Section 1, it may exhibit a product on the Approved Product Category List which it does not manufacture, only if the products are branded under its name or trademark. The brand may be shown on the product or its packaging. Any product(s) not on the Approved Product Category List may not be displayed and must be removed from the Show Floor immediately upon notification of the infraction. Should the size of the product prohibit its immediate removal from the Show Floor, the product must be removed by the end of show hours on the day of infraction notification. Failure to comply will result in NAFEM closing the exhibit for the remainder of the show.

3.

The coronavirus pandemic poses risk to those attending large, in-person gatherings. To see the precautions NAFEM is taking, please visit thenafemshow.org/show-info/covid-19-plan/.

ASSIGNMENT OF SPACE

For all contracts and deposits received on or before March 31, space is assigned the weeks of April 19 and April 26 via online space selection in the following order:

1. NAFEM members with **200 points or more**, in priority point order, **the week of April 19**. For member companies with the same priority point status, a random drawing shall determine the order.

2. NAFEM members with **less than 200 points**, in priority point order, **the week of April 26**. For member companies with the same priority point status, a random drawing shall determine the order.

3. NAFEM Associate members in the order their contract was received. The Associate member categories eligible for booth space are:

- Education and Training Providers
- Food Safety Product Manufacturers
- Systems/Technology Integrators and Providers
- Third-Party Certification Organizations/Utility Organizations
- Trade Publications

4. Non-members in the order their contract was received.

For all contracts received after March 31, space will be assigned on a first-come, first-served basis starting the week after the online space selection is complete. Contracts and company name changes are not accepted after July 30.

Members: For a complete explanation of how priority points are earned, log in to the **"Member Dashboard"** section of the NAFEM website and select "Important Links and Documents". A NAFEM member must continuously maintain membership through the show and pay all other amounts due to NAFEM (membership dues) to retain its space assignment.

IMPORTANT

Related companies exhibiting together may use the priority points of the member with the highest points. Related companies are those related through 50 percent ownership or 50 percent common ownership. All related companies that select booth space together must be listed in the exhibitor directory and on the floor plan. Related companies exhibiting separately must each use their own priority points to determine space assignment priority.

Non-related member companies may exhibit together and utilize the averaged total of their combined priority points provided that they purchase contiguous (above, below, diagonal or directly across the aisle from) booths. Contiguous booths cannot be adjacent across aisles that are greater than 10' wide (i.e. main aisles).

For space assignments made after the online space selection, only companies that have an ownership relationship can exhibit together.

All contracts and deposits for related or non-related companies exhibiting together must be received before space can be assigned together.

If an Exhibitor is acquired by another Exhibitor after its initial space selection, the acquired Exhibitor can move to the acquiring Exhibitor's booth without financial penalty. Alternatively, the acquired Exhibitor may retain its contracted space to show its own products and also may display the company name of the acquiring Exhibitor but not the acquiring Exhibitor's products.

Exhibitors that manufacture walk-in coolers, refrigerators and freezers and select inline booth(s) are required by NAFEM to purchase a booth with a depth of 15' (4.57m). Exhibitors that manufacture walk-in coolers, refrigerators and freezers must submit a detailed floor plan with dimensions, including height, of all items in the booth to Show Management for review and approval by July 2. Floor plans can be submitted through the Exhibitor Console or sent via email to info@thenafemshow.org.

No Exhibitor shall occupy more than one peninsula space. Islands and peninsulas (also referred to as end caps) less than 400 sq. ft are not permitted. Each Exhibiting company must have contiguous (above, below, diagonal or directly across the aisle from) booths.

Contiguous booths cannot be adjacent across aisles that are greater than 10' wide (i.e. main aisles). During the show, NAFEM controls the aisle(s), air space, and unsold booths/service aisles in the convention center. Exhibitors are not allowed a display of such design or construction which suggests aisles, service aisles or unsold booths are part of their exhibit area. Exhibitors are not permitted to have bridges over aisle space, or to use carpet in public aisles.

As an alternative to peninsula space, Exhibitors may use back-to-back booths in the center of an island creating a modified peninsula. The backwall shall be centered and is not to exceed 4' (1.12m) in height within 5' (1.52m) of the aisle and 10' (3.05m) of a neighboring booth or 16' (4.88m) in height in the center. This arrangement is based on a six-booth minimum. See diagram on page 15.

The reverse side of any wing panel or backwall must be draped or otherwise decorated so that these exposed areas will not be objectionable to adjacent Exhibitors. NAFEM reserves the right to require furnishings or masking drapery be installed, billing charges to the Exhibitor.

All Exhibitors should frequently review their space location, changes to neighboring booths/areas and updates to the floor plan. It is the Exhibitor's responsibility to keep up with changes to their assigned area. NAFEM anticipates alterations to the initial plan and cannot be held responsible for changes that may affect a participating Exhibitor's selection of space.

NAFEM maintains a waitlist for any Exhibitor who wishes to be placed in a different booth location after their initial selection. To be added to

the waitlist, submit your request in writing, including the requested size of space to info@thenafemshow.org. Exhibitors are added to the waitlist on a first-come, first-served basis based on the date and time of email receipt.

NAFEM reserves the right to change show hours, rearrange the floor plan and relocate any Exhibitor as necessary at any time.

6.**PAYMENTS, CANCELLATIONS, & REFUNDS**

Contracts must be accompanied by a 25 percent deposit of the total space rental charge. The remaining balance must be paid on or before June 30 via one of the following options:

- Pay remaining 75 percent by June 30; or
- Pay 100 percent upon contract submission; or
- Pay remaining 75 percent in three installments; 25 percent by April 30, 25 percent by May 28, and 25 percent by June 30

Contracts submitted on or after June 30 must be accompanied by payment in full. Contracts are not processed, nor space assigned, without the required payment. Credit card payments can be made online using American Express, Discover, MasterCard or Visa. Make all checks payable to The NAFEM Show and remit to the following address:

**The NAFEM Show – Exhibits
161 N. Clark St., Ste. 2020
Chicago, IL 60601 USA**

Cancellation of exhibit space must be directed in writing via a delivery service which provides confirmation of delivery (i.e., FedEx, UPS, etc.) to the NAFEM Exhibits Manager.

**The NAFEM Show – Exhibits
161 N. Clark St., Ste. 2020
Chicago, IL 60601 USA**

Cancellation also may be directed via email to info@thenafemshow.org, provided that the canceling Exhibitor obtains confirmation of NAFEM's receipt of the email on or before the cancellation deadline.

For cancellations of space received between the initial space selection and June 1, Exhibitor is responsible for, and NAFEM retains, 25 percent of the total space rental charge as a cancellation fee. Should an Exhibitor cancel a portion of their space between their initial space selection and June 1, Exhibitor is responsible for, and NAFEM retains, the 25 percent deposit on the canceled partial space as a cancellation fee.

Full payment is required and no refunds whatsoever are made on cancellations or reductions of space on or after June 2. Should an Exhibitor cancel even partial space on or after June 2, the Exhibitor is responsible for the full space rental charge for the originally contracted exhibit space.

If for any reason beyond NAFEM's control, NAFEM determines that The NAFEM Show must be canceled, shortened, delayed, or otherwise altered or changed, Exhibitor understands and agrees that NAFEM will use its best efforts to provide a full refund of rental fees paid to it by Exhibitor.

If, despite using its best efforts, NAFEM is not able to provide a full refund of rental fees due to its losses incurred in connection with the cancellation or change to The NAFEM Show, NAFEM may retain up to 5% of the rental fees paid to it by Exhibitor and will refund to Exhibitor the remaining balance of rental fees paid to it by Exhibitor.

Exhibitors acknowledge and agree that NAFEM shall not be responsible for any losses or damages Exhibitors may incur in connection with The NAFEM Show including, but not limited to, travel to the show, exhibit setup, lodging, freight and employee wages.

Exhibitor, as a condition of being permitted by NAFEM to be an Exhibitor in The NAFEM Show, agrees to indemnify, defend and

hold harmless NAFEM, its directors, officers, employees, agents and subcontractors from any and all loss which Exhibitor may suffer as a result of show cancellation, duration, delay or other alterations or changes caused in whole, or in part, by any reason outside NAFEM's control. The terms of this provision shall survive the termination or expiration of this Contract.

7.

SUBLETTING OF EXHIBIT SPACE PROHIBITED

Exhibitors are prohibited from assigning or subletting a booth or any part of the space allotted to them nor shall they exhibit or permit to be exhibited in their space any products or advertising materials which are not a part of their own regular products, or which are not compatible with the purpose and/or character of The NAFEM Show as determined by NAFEM in its sole discretion. Further, Exhibitors shall not engage in any promotional activities which NAFEM determines to be outside the purpose and/or character of The NAFEM Show as determined by NAFEM in its sole discretion.

8.

RETAIL SALES

No retail sales, where payment is received and product delivered, are permitted on the Show Floor at any time. Payment and/or orders may be taken for future delivery.

9.

INTELLECTUAL PROPERTY MATTERS

The Exhibitor represents and warrants to NAFEM that no materials used in or in connection with their exhibit infringe the trademarks, copyrights (including, without limitation, copyrights in music and other materials used or broadcast by Exhibitor) or other intellectual property rights of any third party.

The Exhibitor agrees to immediately notify NAFEM of any information of which the Exhibitor becomes aware regarding actual or alleged infringement of any third party's trademarks, copyrights or other intellectual property rights. The Exhibitor agrees to indemnify, defend and hold NAFEM, its officers, directors, employees, agents, successors and assigns harmless from and against all losses, damages and costs (including attorney's fees) arising out of or related to claims of infringement by Exhibitor of the trademarks, copyrights and other intellectual property rights of any third party.

Notwithstanding the foregoing, NAFEM shall not be liable for and expressly disclaims all liability for infringement or alleged infringement of the trademarks, copyrights or other intellectual property of any third party arising out of the actions of any Exhibitors. The terms of this provision shall survive the termination or expiration of this Contract.

10.

STANDARD INLINE BOOTH

Inline booths have only one side exposed to an aisle and are generally arranged in a series along a straight line. Individual booths may be combined to form a larger inline exhibit space.

Dimensions

For purposes of consistency and ease of layout, all inline booths are 10' (3.05m) across the front. Inline booths are available in three depths, 10' (3.05m), 12' (3.66m) and 15' (4.57m).

Use of Space

Regardless of the number of inline booths utilized, e.g. 10' by 20' (3.05m by 6.10m), 10' by 30' (3.05m by 9.14m), 10' by 40' (3.05m by 12.19m) etc., exhibit fixtures should be arranged in such a manner as not to obstruct sight lines of neighboring Exhibitors. The maximum height of 8' (2.44m) is allowed in the rear of the exhibit space, with a 4' (1.22m) height restriction imposed on all exhibit fixtures within 5' (1.52m) of an aisle. When two (2) or more inline booths are used in combination as a single exhibit space, the 4' (1.22m) height limitation is applied only to that portion of exhibit space which is within 10' (3.05m) of an adjoining booth. Hanging signs are NOT permitted in standard inline booths.

View the inline booth rules and regulations video on the [NAFEM YouTube channel](#).

10' X 10' LINEAR BOOTH

CORNER BOOTH

A corner booth is an inline booth exposed to aisles on two (2) sides. All other guidelines for inline booths apply. Hanging signs are NOT permitted in corner booths.

RIGHT SIDE VIEW

PERIMETER BOOTH

A perimeter booth is an inline booth that backs up to any wall of the exhibit facility rather than to another exhibit. All guidelines for inline booths apply to perimeter booths with the exception that the maximum back wall height is 12' (3.66m). Hanging signs are NOT permitting in perimeter booths.

10' X 10' PERIMETER BOOTH

A peninsula booth is exposed to aisles on three (3) sides and composed of a minimum of four (4) booths. When combining booths to create a peninsula booth, any service aisle space becomes part of the usable exhibit space. Backwalls must be finished and cannot contain copy. There are two (2) primary types of peninsula booths: one which backs up to inline booths and one which backs up to another peninsula booth and is referred to as a split island booth.

A peninsula booth at The NAFEM Show is usually 30' wide (9.14m). A limited number of 20' wide (6.10m) peninsulas are available. When a peninsula booth backs up to two (2) inline booths, the backwall is restricted to 4' (1.22m) in height within 5' (1.52m) of the aisle and 10' (3.05m) of the adjoining booths. **16' (4.88m) is the maximum height allowance for the center portion of the backwall and exhibit fixtures.** Hanging signs can be hung at a maximum height of 20' (6.10m) to the top of the sign. NAFEM will provide 8' high drape for all peninsula booths.

info@thenafemshow.org.

A split island booth is a peninsula booth that shares a common backwall with another peninsula booth. **The entire cubic content of this booth may be used up to the maximum content of 16' (4.88m) including all exhibit fixtures. Hanging signs can be hung at a maximum height of 20' (6.10m) to the top of the sign.** Backwalls must be finished and cannot contain copy.

info@thenafemshow.org.

MODIFIED PENINSULA BOOTH

A modified peninsula booth is six (6) or more booths exposed on two (2) sides. Backwalls must be finished and cannot contain copy.

Dimensions

When a modified peninsula booth backs up to two (2) inline booths, the backwall is restricted to 4' (1.22m) in height within 5' (1.52m) of the aisle and 10' (3.05m) of the adjoining booths. **16' (4.88m) is the maximum height allowance for the center portion of the backwall and exhibit fixtures. Hanging signs can be hung at a maximum height of 20' (6.10m) to the top of the sign.** When a modified peninsula booth backs up to a peninsula booth(s), the backwall can be 16' (4.88m) along the entire section that adjoins the peninsula booth.

Any Exhibitor occupying a modified peninsula booth is required to submit a detailed floor plan with dimensions, including height, of all items in the booth, including hanging signage, to Show Management for review and approval by July 2. Floor plans can be submitted through the Exhibitor Console or sent via email to info@thenafemshow.org.

ISLAND BOOTH

An island booth is a booth that is 400 or more sq. ft. and exposed to aisles on all four (4) sides. **The entire cubic content of this booth may be used up to the maximum content of 16' (4.88m) Hanging signs can be placed at a maximum height of 20' (6.10m) to the top of the sign.**

Exhibitors wishing to create island booths smaller than those shown on the floor plan may do so for an additional \$3,000 aisle fee and two corner fees (\$250/corner). Exhibitors may delete booths from the floor plan to form an island, only if the total number of booths remaining on both sides of the aisle totals 400 sq. ft. or more (see diagram to the right).

Booth width must be less than or equal to booth length for any booth larger than 600 sq. ft.

Any Exhibitor occupying an island booth is required to submit a detailed floor plan with dimensions, including height, of all items in the booth, including hanging signage, to Show Management for review and approval by July 2. Floor plans can be submitted through the Exhibitor Console or sent via email to info@thenafemshow.org.

CANOPIES & CEILINGS

Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or for hanging products). Canopies for inline or perimeter booths should comply with line of sight requirements and may not protrude into the aisle.

The base of the canopy should not be lower than 7' (2.13m) from the floor within 5' (1.52m) of any aisle. Canopy supports should be no wider than 3" (7.62cm). This applies to any booth configuration that has a sightline restriction, such as an inline booth. Fire and safety regulations for the Orange County Convention Center may apply to canopies and ceilings and will be included in the Exhibitor Services Manual made available to Exhibitors in May. For an advance copy, contact Show Management by sending an e-mail to info@thenafemshow.org.

The Orange County Convention Center has reserved the right to update, change or amend its rules and regulations after publication in the Exhibitor Services Manual.

HANGING SIGNS

Hanging signs are permitted in all peninsulas, modified peninsulas, split islands and island booths to a maximum height of 20' (6.10m) to the top of the sign. Hanging signs are NOT permitted in inline booths. Whether suspended from above or supported from below, they should comply with all use-of-space requirements. When suspended from above, there must be a minimum of 12' (3.05m) of clearance from the floor to the bottom of the hanging sign unless there are items that prevent foot traffic going under the sign. If within 5' (1.53m) of an adjacent booth, and if the placement complies with the use-of-space requirements, the side facing the adjacent booth should be finished and not contain any copy.

All hanging equipment must be designed to suspend safely. A structural engineer's stamp of approval must be available upon request.

Any Exhibitor using hanging signs is required to submit a detailed floor plan, including dimensions and location of the sign, to Show Management for review and approval by July 2. Floor plans can be submitted through the Exhibitor Console or sent via email to info@thenafemshow.org.

An Exhibitor may list its NAFEM member company name and brands on hanging signs. Non-member Exhibitors may only list their company name on hanging signs.

MULTI-STORY EXHIBITS

A multi-story exhibit is permitted in all peninsulas, modified peninsulas, split islands and island booths to a maximum height of 16' (4.88m). Multi-story exhibits require approval and building permits from the Orange County Convention Center and the Orange County Fire Marshal. Exhibitors should obtain permits early on to ensure that all time constraints are met. Additional information is included in the Exhibitor Services Manual made available to Exhibitors in May. To obtain information in advance, contact Show Management at +1.312.245.1054 ext.5 or email info@thenafemshow.org.

STRUCTURAL INTEGRITY

All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring Exhibitors, hall laborers or installation/dismantling equipment such as fork lifts. Displays should be able to withstand moderate wind effects that may occur on the Show Floor when freight doors are open. Exhibitor should ensure that any display fixtures such as tables, racks or shelves are designed and installed properly to support the product or marketing materials to be displayed.

FLAMMABLE AND TOXIC MATERIALS

All materials used in display construction and decorating should be made of fire retardant materials and be certified as flame retardant. Exhibitors should dispose of any waste products they generate during the exhibition in accordance with guidelines established by the Environmental Protection Agency (EPA) and the Orange County Convention Center.

STORAGE

Fire regulations prohibit storing product, literature, empty packing containers or packing materials behind drapes. In most cases, however, Exhibitors may store a limited supply of literature or product appropriately within the booth area, as long as these items do not impede access to utility services, create a problem or look unsightly.
